Re: Application submitted by:

William Graulich

(Print applicant's name)

Regarding property at:

278 West Hobart Gap Rd.

(Street address of property)

Block 5301 Lot 14

(Block and lot of property)

Township of Livingston, Essex County

(Town and county)

Dear Interested Party:

I am sending you this letter to inform you that I am submitting an application for a permit or approval to the New Jersey Department of Environmental Protection (NJDEP) under the Freshwater Wetlands Protection Act rules, N.J.A.C. 7:7A. The permit or approval will either establish the boundary of freshwater wetlands on the above property, or will authorize me to conduct regulated activities on the property.

I am applying for the following approval(s):

XX Letter of interpretation (establishes the official boundary line of any regulated freshwater wetlands, open waters, or transition areas on the property, and if freshwater wetlands are present, identifies their resource value)

       General permit authorization (authorizes regulated activities, such as construction or development, in wetlands and adjacent transition areas)

- Individual transition area waiver (authorizes regulated activities, such as construction or development, in areas adjacent to wetlands)
- Individual freshwater wetlands permit (authorizes regulated activities, such as construction or development, in both wetlands and adjacent transition areas)
- Open water fill permit (authorizes regulated activities, such as construction or development, in open waters)

The activities for which my application requests NJDEP approval are (I have checked all of those that apply):

- No regulated activities, just establishing where regulated wetlands (if any) are found on my property
- Cutting or clearing of trees and/or other vegetation
- Placement of pavement or other impervious surface
- Placement of one or more buildings or other structures
- Expansion of existing pavement, buildings, or other structures
- Other (describe):

---

---

---

If you would like to inspect a copy of my application, it is on file at the Municipal Clerk's Office in the town in which the property is located, or you can call the NJDEP at (609) 777-0456 to make an appointment to see my application at NJDEP offices in Trenton during normal business hours.

The rules governing freshwater wetlands permits and approvals are found in the NJDEP's Freshwater Wetlands Protection Act rules at N.J.A.C. 7:7A. You can view or download these rules on the NJDEP Land Use Regulation Program website at [www.state.nj.us/dep/landuse](http://www.state.nj.us/dep/landuse), or you can find a copy of these rules in the county law library in your county courthouse.

As part of the NJDEP's review of my application, NJDEP personnel may visit my property, and the portion of any neighboring property that lies within 150 feet of my property line, to perform a site inspection. This site

inspection will involve only a visual inspection and possibly minor soil borings using a 4" diameter hand auger. The inspection will not result in any damage to vegetation or to property improvements.

The NJDEP welcomes any comments you may have on my application. If you wish to comment on my application, comments should be submitted to the NJDEP *in writing* within 15 days after you receive this letter. However, written comments will continue to be accepted until the NJDEP makes a decision on the application. Comments cannot be accepted by telephone. Please submit any comments you may have *in writing, along with a copy of this letter*, to:

New Jersey Department of Environmental Protection  
Land Use Regulation Program  
P.O. Box 439  
Trenton, New Jersey 08625  
Att: (County in which the property is located) Section Chief

When the NJDEP has decided whether or not my application qualifies for approval under the Freshwater Wetlands Protection Act rules, NJDEP will notify the municipal clerk of the final decision on my application.

If you have questions about my application, you can contact me or my agent, address(es) below.

Sincerely,

**William Graulich**
