**CALCULATION OF ALLOWABLE OPERATING APPROPRIATIONS WITHIN CAP**

The New Jersey Legislature has provided for an annually variable percentage limitation on operating appropriations to reflect annual nationwide increases in inflation. The maximum limitation permitted is 2.5%. If the local government should determine that the limitation imposed is not sufficient to meet the needs of the community during the upcoming year, it may increase the limitation to 3.5%. The CAP limitation permitted all calendar year municipalities during 2010 is 0.0%. The Township of Livingston has chosen to proceed with an ordinance authorizing the additional 3.5% CAP for use in the current or subsequent years.

**IMPACT OF SERVICE FACILITY FEES AND INDIRECT COST ALLOCATIONS**

A portion of the appropriations for administrative departments is charged to the Free Public Library, Utility Funds, and Trust Reserves. Traditionally, the allocations to the Water, Sewer, and Swimming Pool Utilities are funded in the individual Utility budgets and paid to the Current (General) Fund during the budget year as a Service Facility Fee. While this method is acceptable for budgeting and accounting purposes, the amount of Current Fund revenues and expenses are overstated in the budget. Beginning in 2010, service facility fee revenues have been eliminated and administrative department expenses have been reduced by indirect cost allocations. This results in both reduced revenues and reduced appropriations in the Current Fund budget. There is no impact on Utility Fund budgets, amounts permitted by the tax levy or appropriation caps, or the local tax levy.

Future budget documents will present administrative appropriations on a "net cost" basis; however, the following schedules present these appropriations on a "full cost" basis so that changes between 2010 and 2009 can be analyzed.

**CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM**

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather, it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

**CAPITAL BUDGET**

- A plan for all capital expenditures for the current fiscal year.

If no Capital Budget is included, check the reason why:

Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.

No bond ordinances are planned this year.

**CAPITAL IMPROVEMENT PROGRAM**

- A multi-year list of planned capital projects, including the current year.

Check appropriate box for number of years covered, including current year:

3 years. (Population under 10,000)

6 years. (Over 10,000 and all county governments)

Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.

## NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

A capital budget and improvement program is designed to function as a planning tool for legislators and managers in municipal government. It allows public officials to evaluate alternatives and determine priorities for projects and programs in relation to available and projected financial resources. A carefully organized program and project schedule avoids costly improper decisions or ill-timed action in a project involving the allocation of scarce capital resources. The capital budget does not represent actual authorizations of projects; rather, it is a conceptual recognition of the needs for specific capital improvements.

Scheduled projects have a direct relationship to improved service delivery, equipment upgrading, and maintenance of public buildings. All items listed are aimed at continuing the high level of services to the public at the lowest possible cost. With the ever increasing cost of borrowing on the open market, all future projects and programs will be further evaluated to assure the same high standards for our residents.

The proposed Capital Plan projects possible needs for the next six years as follows:

2010	\$	6,982,600
2011	\$	5,604,000
2012	\$	6,399,500
2013	\$	5,207,000
2014	\$	5,219,500
2015	\$	5,000,000
		\$ 34,412,600

This capital improvement program does not authorize the following projects nor does it require the raising of taxes, revenues, or the issuing of debt to finance such programs. As the governing body makes a determination that a project is needed, capital ordinances will be introduced and public hearings will be held. At that time, current project costs, methods of financing, and effects on the community will be reviewed.

The capital improvement program, as included in this budget document, is a guide for capital planning and may be amended in the event there is a change in the priorities of the municipality.
