Adults willing to share career experience with Livingston Teens

HCHY of Livingston is developing a network database of career mentors for the community's youth organizations including our local schools. If you have a **business, trade, profession, or other marketable skill** and are willing to **meet with small groups of students, participate in local career fairs, or possibly provide job shadowing or career internships**, please contact **HCHY Executive Coordinator Bonnie Granatir** at bonnie@granatir.com or 973 202-9266.

HCHY is generously supported by the **United Way of North Essex**
