

## **MAY IS HEALTHY VISION MONTH**

### **LIVINGSTON, NJ HEALTH DEPARTMENT HOSTS FREE SCREENING**

Let's celebrate Healthy Vision Month together! Join the health department on **May 11 from 10:00 AM - 1:00 PM** at the Senior Center, lower level, at 204 Hillside Ave for a free eye screening. We will partner with Phillips Eye Specialists for this event.

More than 11 million Americans have uncorrected vision problems such as nearsightedness, farsightedness, astigmatism and/or presbyopia and can benefit from the use of corrective eyewear such as glasses or contact lenses. The Nursing Division wishes to raise awareness to all residents about the importance of scheduled eye exams in detecting common vision problems. Prevention is one of the best ways to keep healthcare expenses down. Fortunately, half all blindness is preventable through early detection and treatment by an eye care professional.

Join us on **May 11<sup>th</sup>, 2009** for your free screening. **It is necessary** to call for an appointment so we may schedule your time. The number at the Nursing office is **(973) 535-7961- ext 226, 227, or 228.**
