Creating with Clay is a unique pottery experience. The one hour class is conducted by an instructor that gives guidance as they teach, encourage and support the participants.

All clay and paint is non-toxic and no kiln or pottery wheel is needed.

Each class incorporates light hand and arm exercises and gives beneficial therapy throughout the program.

This class is approximately one hour in length and all materials are supplied. At the end of the class each artist will have a completed creation that they can enjoy for years to come. In the upcoming February class we will be creating a Valentine theme piece.
