Frequently Asked Questions

Swift911 Emergency Notification System

SWIFT 911™

What is Swift911?

Livingston's Swift 911 is an ultra-high-speed communication service for sending alert notifications and information. Alerts can go out as telephone calls to landlines or cell phones, or as emails or text messages.

What kinds of Swift911 messages go out?

Emergencies: Every resident and business registered in the system will receive emergency alerts.

Targeted Situations: If a situation affects only a certain area – for example, a water main break or utility outage – only those geographically located in that area will receive a targeted message.

General Notifications: Special messages regarding topics such as recycling, garbage, property tax notifications, health department programs, and Township events are sometimes sent.

Note: The information within the Swift911 system is used only for the purpose of these types of notifications. It is not shared, sold or made available for use by outside individuals or entities.

What should I do?

Find the Swift911 system online at livingstonnj.org/EmergencyNotifications. Sign up – or sign in if you already have an account – any time and make sure all your information is up to date. Be sure to add emails, landlines and cell numbers for text messages. Enroll each person in your family separately so that everyone receives important messages.

Why create an account?

The Swift911 system uses a publicly available list of phone numbers for residents & businesses:

- The publicly available list contains only landlines; no cell numbers are included.
- Unlisted phone numbers are not included in the list.
- Cell phone numbers and email addresses are not included.
- Text messages & emails can not be sent unless you provide that information.

What if I don't have a computer?

If you don't have access to a computer, complete the Swift911 Registration form and return it to: Township of Livingston, Attn: Swift911, 357 S. Livingston Ave., Livingston, NJ 07039.

To change your information or unsubscribe, send your information to the address above and note your changes or request that you be removed, or complete the Registration Form and check the "Change info" box or the "Remove me" box at the bottom left.

What if I move?

You can choose to unsubscribe at any time. If you have no access to a computer, send your information to the address above and request that you be removed, or complete the Registration form and check the "Remove me" box near the top. If you can visit the website, simply log into the system and choose that option.
