---

**Description:** Livingston Township is a 14.11 square mile community with a population of approximately 29,000. The Engineering Department oversees the construction activities within the Township Right-of-Ways to insure the safety of the general public. This includes the construction, reconstruction and maintenance of Township facilities including roads, utilities (water, storm and sanitary sewer), parks, buildings and any other Township infrastructure. The successful candidate will assist in the planning, design and inspection of various capital improvement projects, totaling more than \$5 million dollars in construction costs.
